Slidecrew role permissions

This reference summarises portal permissions for the four staff roles. The detailed tables show Technician and Hostess access.

Admin and Organiser: full access to the portal.

Access labels: `Edit` means the role can change the area. `View` means the role can see the area but not change it. `Hidden` means the area is not available.

Core and Event permissions

Each row shows the access level for the **Technician** and **Hostess** roles.
